NATURAL CLINICAL

Dasha Lash

Achieve Amazing Eyelashes

Feed and Nourish your lashes with revolutionary **SAIAN Dasha Lash** based on SymPeptide!

This is a revolutionary new ingredient which transforms eyelashes and fortifies the hair - noticeably intensifying one's expression.

A panel consisting of 15 subjects testing a lash conditioner with 10% SymPeptide applied daily once at night at the root of the lashes for 2 weeks, saw 25% improvement in eyelashes after 2 weeks of use, as measured by SigmaScan software.

Grape Stem Cell
NO Prostaglandin

SAIAN Dasha Lash is a natural eyelash conditioning product and does NOT CONTAIN Prostaglandin; therefore, it is absolutely safe to use for blue and hazel eyes. SAIAN Dasha Lash does not cause darkening of the iris, blurry vision or decreased vision.

SAIAN Dasha Lash is simple to use - apply to the base of both upper and lower eye lids at bedtime, as though you are applying liquid eyeliner. It is also perfect to use on the eyebrows!

25% Improvement After 2 Weeks of Using SymPeptide®
